

TCS INSTRUCTION SHEET Yamaha PartsManager Pro – PMPro On-Line January 2018

PartsManager Pro has completed their new PMPro from Snap-on Business Solutions and is now a fully web-based parts catalog for Yamaha PartsManager Pro. In December 2017 they shipped out their final DVD version for desktops.

IMPORTANT NOTE: In order to utilize the new on-line program, you MUST have Adobe Flash Player installed and working your computer and you should be using Internet Explorer (not Microsoft Edge, Firefox or Google Chrome). TCS is not responsible for installing or using this program. PMPro also

If you have been using the Disk version of Parts Manager Pro with Total Control Software, you can skip this first step.

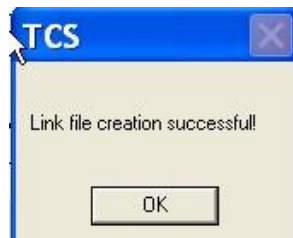

1. Open TCS Parts & Service. Go to File/Interface Settings and select **Install PartsManagerPro Interface (This Computer)**

Answer Yes to the Install question.

If all went well, you will see the following message.

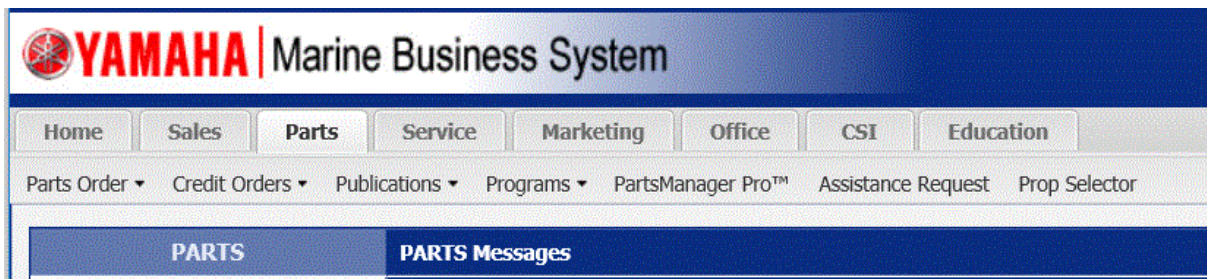

Restart your computer.

When your computer restarts, you should then see this icon in the system tray.

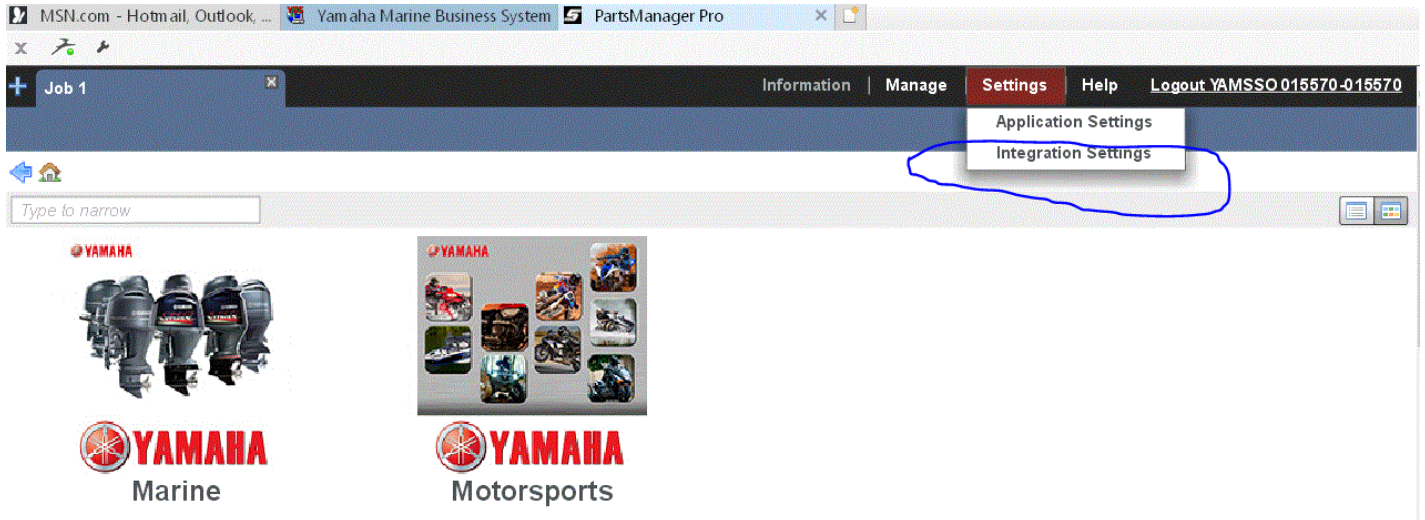

How To Install and use the TCS PartsManagerPro Integration Program

1. Log into your Yamaha Marine Business System Web Site using your Internet Explorer

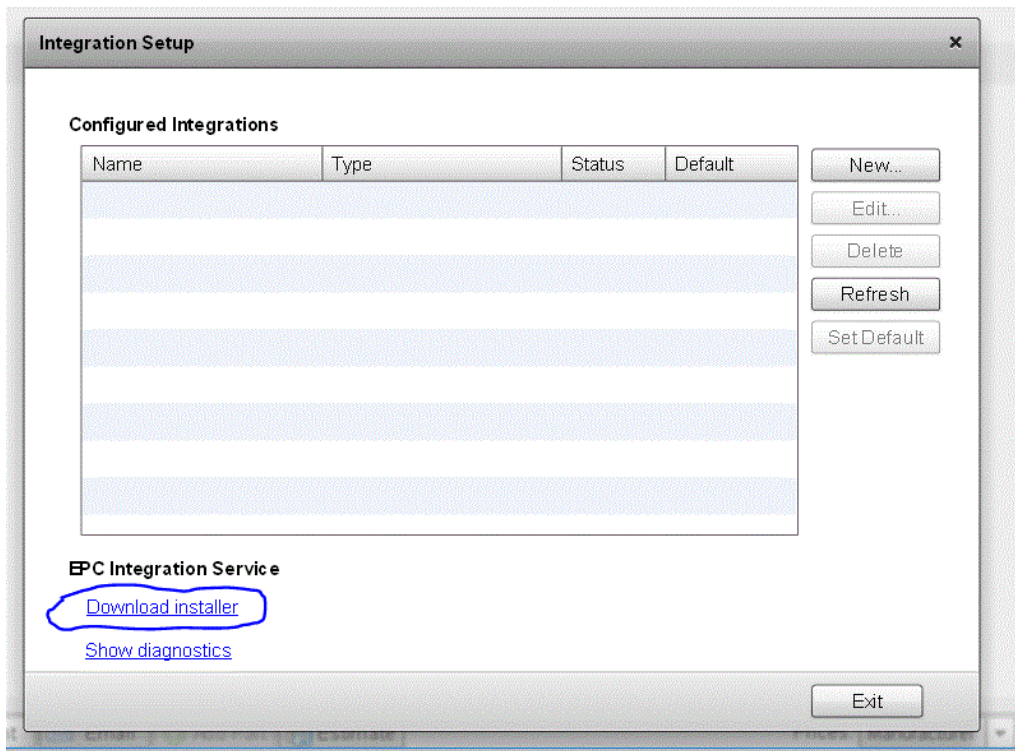

Click on Parts / Click on PartsManager Pro. You may be prompted to install “Adobe Flash” this is required and must be installed. Based on your version of Windows, you may have to change settings for it to load. If you have problems loading Flash, Please contact your computer support person or contact Snap On Support. You can also use your default search engine to get detailed instructions. (i.e. How do I install Adobe Flash Player on Internet Explorer 11 for Windows 10)

2. After PartsManager Pro is open on your Browser Click on Settings / Then Integration Settings

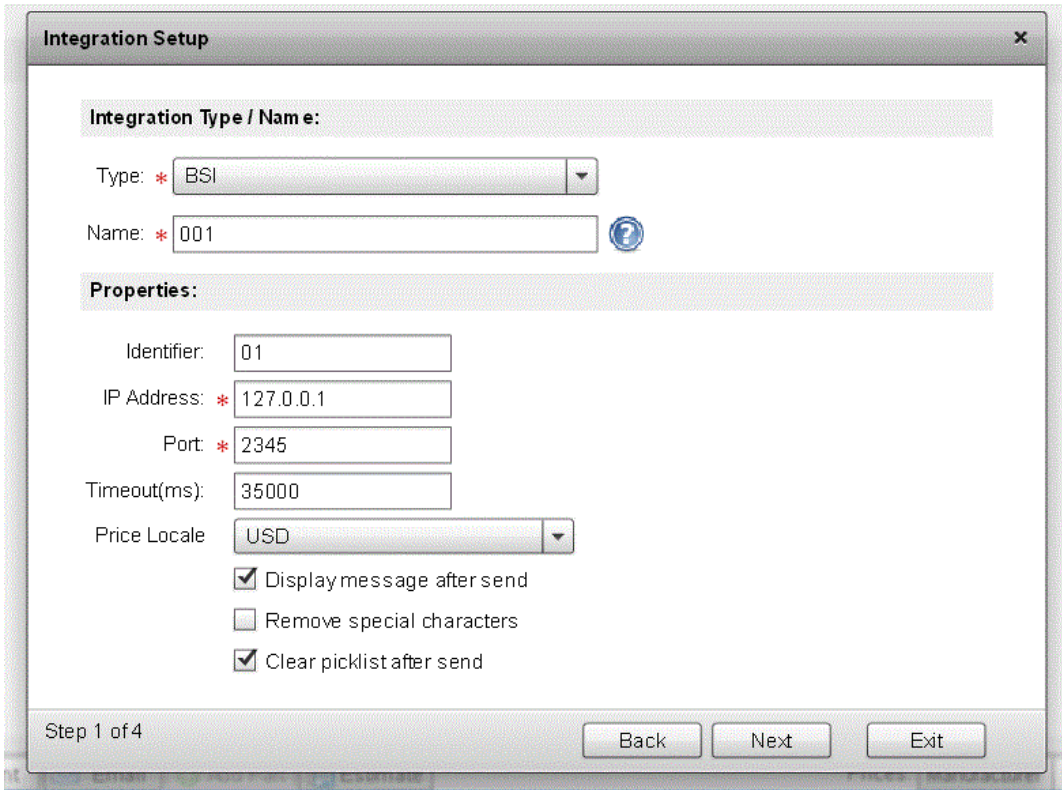

Click and run the “Download Installer”

After the installer has ran and installed, Click on the “New” Button.

Fill in exactly as show. Canadian dealers should choose CAN under Price Locale. Click Next.

The screenshot shows the 'Integration Setup' dialog box, Step 1 of 4. The window title is 'Integration Setup' with a close button (X) in the top right corner. The main area is titled 'Integration Type / Name:' and contains two fields: 'Type: *' with a dropdown menu set to 'BSI' and 'Name: *' with a text box containing '001' and a help icon (question mark in a blue circle). Below this is a section titled 'Properties:' with several fields: 'Identifier:' with a text box containing '01'; 'IP Address: *' with a text box containing '127.0.0.1'; 'Port: *' with a text box containing '2345'; 'Timeout(ms):' with a text box containing '35000'; and 'Price Locale' with a dropdown menu set to 'USD'. There are three checkboxes: 'Display message after send' (checked), 'Remove special characters' (unchecked), and 'Clear picklist after send' (checked). At the bottom left, it says 'Step 1 of 4'. At the bottom right, there are three buttons: 'Back', 'Next', and 'Exit'.

Check the suggested boxes. If you do not want Cost to show, do not check Dealer Price. Click Next.

The screenshot shows the 'Integration Setup' dialog box, Step 2 of 4. The window title is 'Integration Setup' with a close button (X) in the top right corner. The main area is titled 'Select the columns you would like to display:'. Below the title are two buttons: 'Select All' and 'Clear All'. There is a list of checkboxes with the following items: 'Bin Location' (checked), 'Quantity on Hand' (checked), 'Quantity on Order' (unchecked), 'Comments' (unchecked), 'Unit of Measure' (unchecked), 'Retail Price' (checked), 'Dealer Price' (checked), and 'Customer Price' (unchecked). At the bottom left, it says 'Step 2 of 4'. At the bottom right, there are three buttons: 'Back', 'Next', and 'Exit'.

Check The Boxes and Enter YAM on the right hand entry boxes. Then click Next

Integration Setup [x]

This integration service applies to:

SelectAll ClearAll

Yamaha Marine YAM

Yamaha Motorsports YAM

Step 3 of 4 Back Next Exit

Check the Item "Just me, then click Next.

Integration Setup [x]

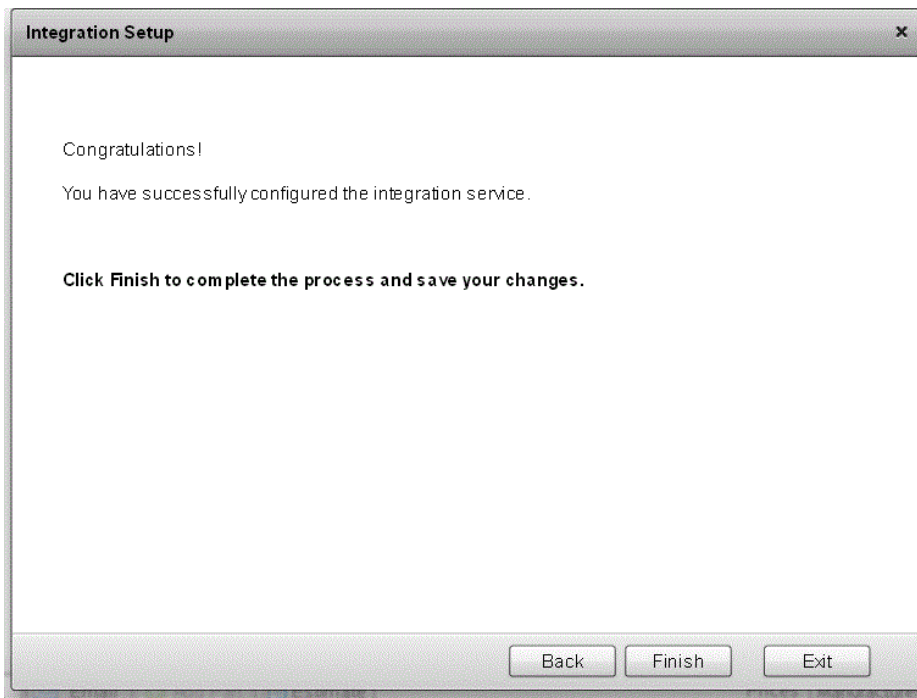

This integration service applies to:

Everyone in my dealership

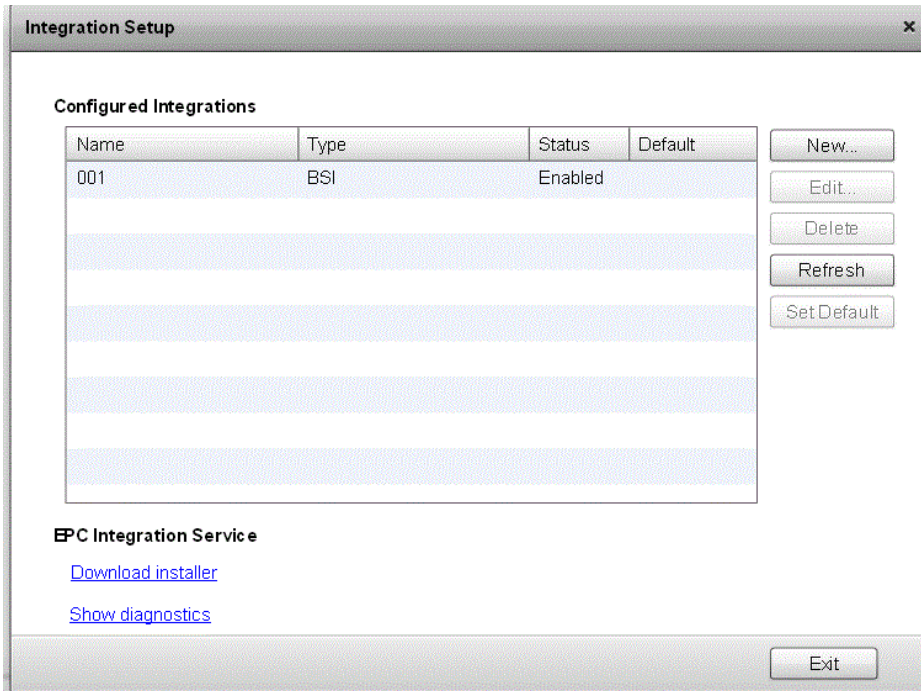

Just me

Step 4 of 4 Back Next Exit

Click the Finish button.

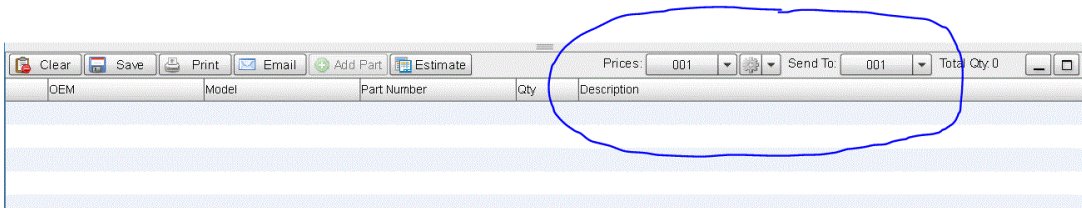

Your Integration Setup window should look like this. If Status is Disabled, you may need to press the Refresh Button.

If you receive an error it is most likely caused by not having Adobe Flash installed or from not running the download installer program.

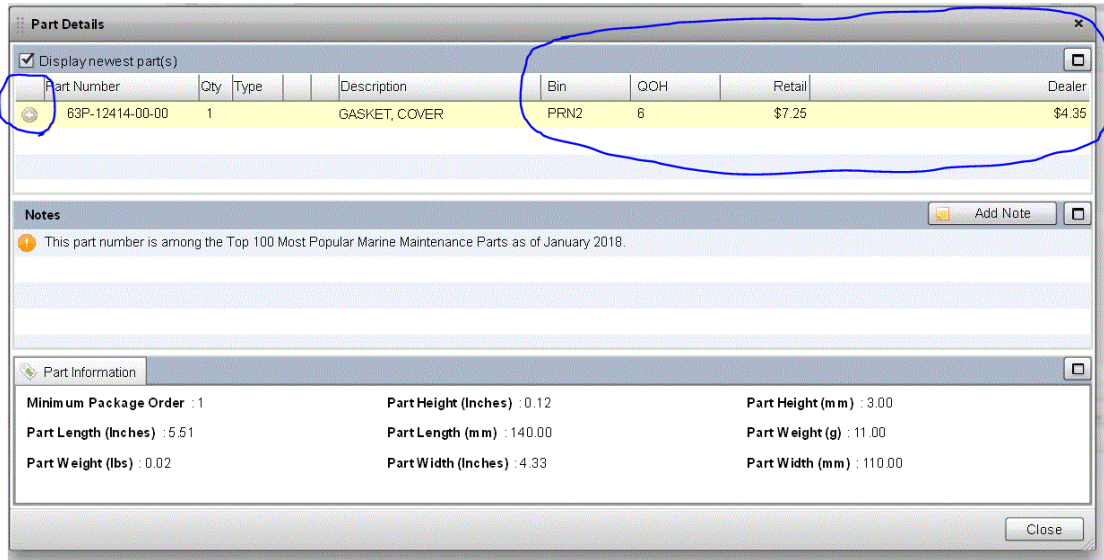

After returning to the main window, change the settings in **“Prices”** and **“Send To”** both to 001

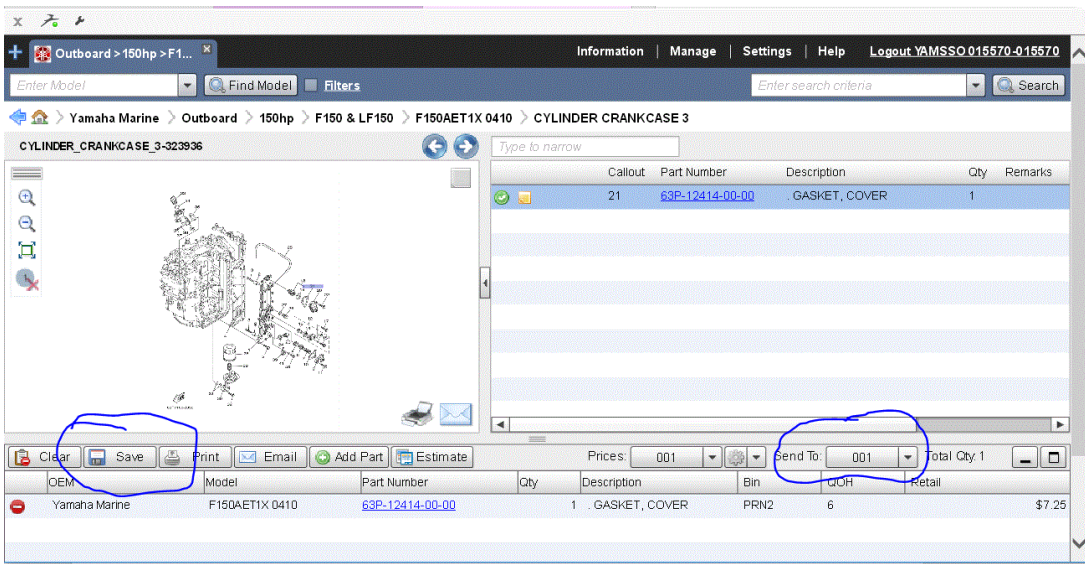

Using PartsManagerPro with Total Control Software

1. When you want information about a part, click on the part number
2. This window will pop up giving the on hand information. Click on the Plus sign on the left of Part Number to add this part to your active pick list.
